EDUCATION

Postgraduate Diploma in Project Management

MIT School of Distance Education
2020 – 2022

Bachelor of Civil Engineering

Gujarat Technological University
2012-2016

SKILLS

Software & Technical Proficiency:

- Autodesk Revit, AutoCAD, Navisworks, Lumion, Bluebeam Revu, SketchUp, Autodesk Design Review

Project Management & BIM Expertise:

- Building Information Modeling (BIM), construction documentation, sustainability assessment, material procurement, project coordination

Rendering & Visualization:

- Basic rendering skills using Lumion and SketchUp

Communication & Leadership:

- Client interaction, team collaboration, issue resolution, stakeholder coordination

PROJECTS

Studio for Architecture

2023 - 2024
Commercial Multi-Story Buildings

Woolpert

2023 - 2024
Hotel Chain Developments

David Weekley Homes

2017 - 2023
Residential Projects

PROFILE

Experienced BIM Modeler with a strong background in architectural design and project coordination for residential, commercial, and hospitality developments. Proficient in Revit, AutoCAD, and Bluebeam, leveraging BIM tools for efficient collaboration and project execution. Adept at sustainability assessment, material procurement, and ensuring compliance with regional construction standards. Skilled in client liaison, issue resolution, and leading multidisciplinary teams to deliver projects on time and within budget. Passionate about design accuracy, innovative solutions, and fostering community engagement through CSR initiatives.

WORK EXPERIENCE

Architectural Designer

Uppteam (International Service Provider)
July 2023 – October 2024

- Managed complex BIM projects across residential, commercial, and hospitality sectors, ensuring precision from schematic design to construction documentation.
- Optimized project coordination and delivery using Revit, AutoCAD, Navisworks, Lumion, and Bluebeam.
- Ensured compliance with International Building Codes and adhered to industry regulations.
- Led multidisciplinary teams, fostering collaboration and maintaining seamless client communication.
- Applied critical thinking and a solution-oriented approach to resolve design and coordination challenges.

Production Designer

Lone Oak Solutions
May 2017 – June 2023

- Designed and managed architectural plans for single-family and multi-family projects using Revit, AutoCAD, and Bluebeam.
- Leveraged BIM tools for collaboration, ensuring accuracy, efficiency, and compliance with regional construction standards.
- Reviewed and refined architectural drawings, incorporating markups across all relevant sheets to meet project deadlines.
- Produced comprehensive working drawings and specifications, supporting timely and cost-effective project completion.
- Applied basic rendering skills to enhance visual presentations and improve project communication.
- Led corporate social responsibility (CSR) initiatives, organizing blood drives, food drives, and medical camps to promote community engagement and awareness.
